UK Interoperability Standards

# Open Forum 2019

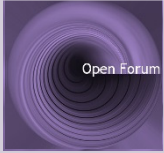

27<sup>th</sup> November 2019

# N-CLI Task Group

**Paul Rosbotham (Vodafone)**

Work this past year:

Review of both ND1016 and ND1439 to  
reflect latest CLI Guidelines

## 2020 work programme - STIR:

- Do we move to a detailed design phase?
- Does our previous report (ND1522) still make sense?
- Is there a case for an interim deployment without a database?
- Interoperability with international implementations?
